## OPTIME<sup>™</sup> RATING SYSTEM

### Optime classification system for easy product selection

- Just match the Optime number to the measured noise level of the workstation
- Patented liquid & foam-filled cushions for better seal and lower pressure
- Simple height adjustment
- Wide ear cushions for comfort
- Padded, wide headband for extended wear
- Stainless steel headband wires
- Four-point suspension to help distribute cushion pressure evenly

# OPTIME™ 105

Recommended for noise levels up to 105dBA

- Twin cup design minimizes resonance, thus achieving maximum high and low frequency attenuation
- CSA Class AL

Product Code	Description
H10A	Over-The-Head Dual Cup, NRR 30 dB
